

COLQUITT IS BURIED AT HIS MACON HOME

IMPRESSIVE FUNERAL CEREMONIES HELD.

Chaplain Milburn Preaches the Sermon in the Senate Chamber—Bland Bill May Possibly Be Passed Over President Cleveland's Veto—General Washington Notes.

WASHINGTON, March 27.—The funeral of Senator Colquitt was held in the senate chamber this morning, the senate adjourning. Chaplain Milburn delivered the sermon. The remains were taken to Macon, Georgia. Senator Colquitt died at his residence in this city.

Around the bedside when he passed away were Senator Gordon and his daughter, Mrs. Jones, Mr. Bunn, his son, Mrs. Colquitt, three unmarried daughters and his daughter, Mrs. Marshall of Chicago, and the senator's private secretary.

As the end approached the senator's breathing became very heavy, but he relapsed into unconsciousness and suffered no pain.

Bland Bill And The Veto.

WASHINGTON, March 27.—Mr. Bland consulted with his silver associates of the house yesterday as to the chance of passing the seigniorage bill over a veto. He found most of the men who had voted for the bill ready to indorse it again, even against a veto. The vote on the passage of the bill was: Yeas 168, nays 129 and not voting 56. This yeas vote is believed to represent almost the full strength of the bill. To pass the measure over a veto would require 325 yeas votes in a full vote. But as a full house is never to be expected the 297 present at the last vote is counted on as about the number who would vote on the veto question. With such a membership a two-thirds vote necessary to overturn the veto would be 198, or thirty more than Mr. Bland could command on the passage of his bill. These thirty would have to be drawn from the fifty-six not voting on the passage of the bill, as the original negative vote could be relied upon to sustain the veto. It is conceded by the silver men that they could not get the necessary thirty, so that in any event the move to pass the bill over the veto would be nothing more than a formality.

Senator Pugh of Alabama expresses the opinion that the President would send in a veto of the Bland bill, accompanied by a message explaining his objections to the bill, which would be based on the second section, and saying in effect that if a bill could be passed devoid of the ambiguity of the bill now before him, and providing simply for the coinage of the silver seigniorage, it would receive his approval. The senator also expressed the opinion that in this event such a bill could be passed without much trouble or delay.

ILLINOIS SWAMP LANDS.

Decision Made by Secretary Hoke Smith Against the State.

WASHINGTON, March 27.—Secretary Hoke Smith affirmed the decision of the commissioner of the general land office in the case of the appeal of the state of Illinois by Isaac R. Hitt, as state and county agent, in the matter of the claim of the state for indemnity for certain alleged swamp and overflowed lands in Franklin, Ford, Alexander, Kankakee and Vermilion counties. The report of the agent is that the state offered no proof. If the state had an opportunity to prove these tracts swamp or overflowed and neglected to do so, it will certainly not be allowed to come in at this late day and complain. There must be an end to these matters some time; but it can never come if the state or its agents are to be permitted to try the case by piecemeal. This proceeding was had before the promulgation of the instructions of Sept. 18, 1891, which require a waiver on the part of the state of all claims for indemnity under the acts in question, on account of the failure to secure title to other swamp lands, if there be such in townships where the present claims originate. For these reasons the secretary affirms the decision of the land office, which also affects a number of similar claims now pending.

The Armor Plate Decision.

WASHINGTON, March 27.—President Cleveland has revised the decision of Secretary Herbert in the case of the "doctoring" of armor plates at the steel works of Carnegie, Phipps & Co. The secretary assessed the damages at about \$400,000. President Cleveland thinks that amount excessive, and has reduced it to \$140,689. The money has been paid and extra precautions will be taken in the future to avoid a repetition of the danger. No blame is attached to the officers of the company, the dishonesty and negligence of workmen employed at the steel plant being held responsible for the scandal. The men who gave the information to the government receive 25 per cent of the damages paid to the government.

Reducing Pensions.

WASHINGTON, March 27.—A large daily average of notices of reduction of pensions sent out to veterans and other pensioners is kept up by the

ance with the act of Dec. 21, 1893, and provide for reduction unless additional evidence be filed within thirty days. The notices are sent after a final review of the cases in the board of revision, and all have been forwarded by registered letters during the last three weeks in order to record the time of receipt. Already 2,000 have been sent in this way.

FARMERS TO PLOW UP WHEAT.

Kansas Scheme to Advance Prices—Meeting to Perfect the Plan.

ATCHISON, Kan., March 27.—It was made known here to-day on good authority that a scheme is well under way which contemplates the enhancing of the present values in wheat. The plans outlined are as follows: Each farmer having winter wheat sown will plow up 25 per cent of the growing crop and put into corn or such other farm products as may yield a fair return for his investment. As an evidence of good faith of the parties entering into this agreement there is to be an interchanging of plowing. Farmer A of Sumner county having 100 acres of wheat in is to plow up twenty-five acres of Farmer B's wheat in Harper county, who has an equal acreage of wheat, and so on through the section operating under this compact.

By this method it is suggested that the reduced average will so eliminate the crop as to make more than a corresponding advance in prices. It is the intention of the originators of this plan to make it extend over all the wheat producing states in the Union. In the northwest the idea is to reduce the acreage to be planted in spring wheat, and to promise liberal compensation to the farmers of that section for the unemployed land made so by their co-operation in the proposed scheme. The promoters of this measure are all large producers of wheat and in a financial position to carry out the policy outlined.

The subject has been under secret discussion for some time and is now brought out in its full maturity, all contingencies being provided for, and all details arranged to take effect before too late to plant corn. A call has been issued for a meeting of the wheat growers of Kansas and Nebraska at Topeka March 29 to complete the work.

ENTIRE FRUIT CROP IN DANGER.

Reports From Illinois Points Indicate Heavy Damage From the Cold.

HILLSBORO, Ill., March 27.—A severe blizzard has been raging in this section for the last twenty-four hours and ice two or three inches thick was formed. The oat and clover crops have been ruined and it is also believed peaches, pears, cherries and apples have been killed.

CHAMPAIGN, Ill., March 27.—There is a diversity of opinion regarding the effects of the cold weather. Several farmers claim the oat crop is injured so badly that the entire crop will have to be replanted and that the gardens have been ruined, while others think they will recover.

ANNA, Ill., March 27.—The buds of the peaches, cherries and early apples are thought to be killed. Pieplant, asparagus and other early vegetables suffered. Strawberries are injured some. There will be no peach crop whatever, this freeze having finished the ruin which the January cold snap begun.

CAIRO, Ill., March 27.—It is thought the cold weather of the last two days has killed the strawberries in this section. Peaches were nearly all killed by the extreme cold of January.

BRAZIL, Ind., March 27.—The temperature has fallen several degrees here in the last twenty-four hours, and the cold has become so intense that farmers and fruit raisers claim that the fruit is killed.

DEXTER, Mo., March 27.—The thermometer fell to 15 degrees above zero here and the entire fruit crop, with the exception, probably, of late apples, is thought to be killed. Much wheat is supposed to be ruined.

COLUMBIA, Mo., March 27.—The peach crop is destroyed, and apples and other fruits are greatly damaged.

ST. LOUIS, Mo., March 27.—The statement is now general that the crops of berries and fruits throughout most parts of Illinois and Missouri, given an early start by the recent warm weather, are now an absolute loss.

CINCINNATI, Ohio, March 27.—The thermometer last night fell to 10 degrees above zero. Fruit and berries are killed, but the damage to wheat and other crops is not serious, although they are further advanced than usual.

GENESEO, N. Y., March 27.—A furious gale accompanied by heavy snow raged in the Genesee Valley yesterday. At 7 o'clock in the morning the thermometer registered only 15 degrees above zero.

Effect on Michigan Fruit Belt.

DETROIT, Mich., March 27.—The fruit belt of Michigan is in danger from the fall of the thermometer to within 3 degrees of the zero mark. The range was 11 degrees above that. Everywhere the peach buds on the trees of the earlier varieties are frozen stiff. Apples and cherries are also considerably injured. Along the Lake Michigan shore, where there was a heavy fall of snow, strawberries and shrub fruits were protected, but farther inland and approaching the eastern border of the state they were left unprotected and were badly frozen. The same is true of winter wheat. It was never in better condition than Saturday and is mostly covered by snow.

COXEY ARMY GROWS IN THE SUNSHINE.

WARM WEATHER MAKES RECRUITS NUMEROUS.

Commonwealth Forces Start East From Louisville, Ohio Encouraged By the Favor Which Is Shown Them By the Weather Clerk—Redstone is Not Discouraged.

LOUISVILLE, O., March 27.—Coxey's army started east this morning. The weather is warmer, and recruits are coming in. Col. A. E. Redstone, Coxey's representative in Washington, said he was not disappointed at the poor showing made by the army of the commonwealth in its first day's march toward the national capital. "I did not expect," he said, "to see a very large crowd go from Massillon, but at Reederburn, where the army is to formally organize, the numbers will be swelled. I suppose the cold, disagreeable weather was a disadvantage to the army at its start but I had a dispatch from Gen. Coxey telling me that he had started and that everything was encouraging."

The "army" camped last night at Louisville, Ohio, and will make its first long march of thirteen miles to-day to Alliance. Coxey is financially embarrassed and an appeal has been issued to the people of the United States to subscribe funds for his relief. He has now with him about one hundred and twenty men.

FOUR FISHERMEN DROWN.

Capized Boats Tell of the Fate of Holland, Mich., Men.

HOLLAND, Mich., March 27.—A party of four men went fishing in two small boats Sunday morning in the awful storm that was raging. The boats have just been found capized. The boats were frail concerns, and it is supposed that all the occupants were drowned, as none of them have returned to their homes. The names of the lost are: Charles Petrie, married; Jean McKay, single; J. C. Shafer, married; Irwin Thakes, single. Thakes was the only support of his father and mother. Petrie and McKay were brothers-in-law, as were also Shafer and Thakes.

All Train Service May Be Stopped.

CHICAGO, March 27.—If M. A. Carpenter, president and general manager of the Chicago & Eastern Illinois railroad company, does not evince any more anxiety to settle the dispute between his road and its employees in the transportation department to-day than he did yesterday, the locomotive engineers, firemen, conductors and trainmen will go out on a strike rather than submit to the sweeping reduction of wages ordered by the company for April 20. The conference yesterday resulted in nothing except to make the situation worse than it was before. To-day's conferences are the last that will be held.

Killed by a Fall Down the Shaft.

NEW ORLEANS, La., March 27.—Adam Kessler, a laborer in the American sugar refinery, was running the elevator and was descending from the top floor when part of the machinery broke and the elevator began descending rapidly. As it passed the fifth floor Kessler jumped to the flooring, but missed his calculation and fell down the elevator shaft a distance of more than seventy-five feet. Every bone in his body was broken and he died almost instantly.

Fires Fatal Shots in a Court-Room.

ST. JOSEPH, Mo., March 27.—Yesterday afternoon while Circuit court was in session at Albany Jacob Miller, whose divorce suit was being tried, met his brother-in-law, Frank Earl, in the court-room. Miller claims that Earl had been the cause of his separation from his wife. When he saw Earl he shot four bullets into Earl's body. Then he turned the weapon on himself, but it missed fire. Earl is fatally wounded and Miller when taken to jail became a maniac.

Hiring Foreigners Is a Negligence.

KANSAS CITY, Mo., March 27.—The Court of Appeals has affirmed the decision of the lower court awarding Sampson D. Loe \$2,000 damages. Loe was employed by the Rock Island road on a section gang with three Swedes. While unloading logs he was injured, owing to the Swedes not understanding English. The court holds the road was negligent in employing men ignorant of the English language.

Suit Against Chapin Mine.

MILWAUKEE, March 27.—Foreclosure proceedings have been begun by the Wisconsin Marine and Fire Insurance Company bank against the Chapin Mining company. The Chapin mine has for years been the greatest ore producer on the Menominee range, as well as one of the most valuable iron mining properties in the United States. It will probably be sold for debt under the foreclosure proceedings. The amount due the bank is \$86,000.

Lackawanna to Get the Ann Arbor.

NEW YORK, March 27.—It is reported that the board of directors of the Toledo, Ann Arbor & North Michigan Railroad company will resign and that the road will be formally transferred to the control of the Delaware, Lackawanna & Western Railroad company, which, it is claimed, holds the bonds on which the road is sold under foreclosure.

TACKLED A NEW P.M. AND NOW THEY LEAK

PAIR OF BURGLARS FILLED WITH BULLETS.

Bandits In Boone, Indiana Went After Government Funds and One is Believed to Have Been Fatally Wounded—The Other Also Badly Hurt.

BOON GROVE, Ind., March 27.—The postmaster here caught two burglars in the post office early this morning and shot both. They escaped, but one is believed to have been fatally hurt and the other very seriously.

DES MOINES, Iowa, March 27.—George Ashworth, a farm hand, shot Mrs. Mason yesterday at Somerset, Warren county, fifteen miles from Des Moines. In the absence of Mr. Mason Ashworth made advances to Mrs. Mason. She repulsed him and he shot her. A large body of men is in pursuit of Ashworth. He will be lynched if caught.

IRON HALL RECEIVERS.

Decision In St. Louis Affects Members In All the States.

INDIANAPOLIS, Ind., March 27.—The Iron Hall receivership attorneys are jubilant over the decision of Judge Jacob Klein of St. Louis. Judge Klein takes a stand contrary to the ruling of Master in Chancery Bishop of Philadelphia, who refused to turn over the Pennsylvania funds of \$150,000 to Receiver Failey. He furthermore severely scored the Pennsylvania jurist for his unauthorized legal position and decrees that Missouri Iron Hall funds should be turned into Receiver Failey's hands and give Missouri members a right to share in the general distribution of the \$750,000 still in the receiver's hands. His reasons are important to Iron Hall members in all the states where local receivers were appointed.

BIG STRIKE ON.

Twenty-five Hundred Brickmakers Out at Chicago.

CHICAGO, March 27.—The Crane company yesterday refused to accede to any demands of the brickmakers in their employ to restore the old wage scale. The men in a body yesterday joined the American Federation of Labor. The contest now and hereafter is between the concern and organized labor in the United States. The fight has begun. One thousand men left their work at noon yesterday. Two hundred more are expected out from the pipe mills to-day. Twenty thousand will be involved if the question is not speedily settled. Already 2,500 men have quit work.

GOVERNOR WAITE UPHELD.

His Denver Appointees Empowered to Assume Their Duties at Once.

DENVER, Colo., March 27.—Judge Glynn, in the district circuit court, dismissed the contempt case and quashed the injunction against Mayor Van Horn and Fire and Police Commissioners Barnes and Mullin, and empowered the latter to at once assume the duties to which they had been appointed by Gov. Waite.

Will Not Surrender Refugees.

RIO JANEIRO, via Galveston, Texas, March 27.—The government of Portugal has replied to the demand of President Peixoto for the surrender of the insurgent refugees who sought an asylum on its vessels after the surrender in Rio harbor. Portugal refuses to surrender them. It maintains that to comply with the demand of the Brazilian government would be contrary to the principles of humanity and opposed to all precedents of international laws established in similar cases.

New Indiana Steel Plant.

ELWOOD, Ind., March 27.—A company of Chicago, Pittsburg and English capitalists has located a plant with a capital stock of \$100,000 at Frankton for the manufacture of steel supplies. The plant will be in operation by July. It will be known as the Indiana Steel company.

An 8-Year-Old Forger.

MINNEAPOLIS, Minn., March 27.—Walter Johnson, an 8-year-old boy, has been swindling a St. Louis firm by forged checks on the Swedish-American bank. He had seen his father draw checks and thought it was all right. He will not be prosecuted.

Populists to Fight in North Dakota.

GRAND FORKS, N. D., March 27.—The Populists say they intend to show their confidence and consistency at the same time by placing in the field at their convention, to be held in June at Jamestown, a complete ticket of state officers.

All Quiet in West Virginia.

CHARLESTON, W. Va., March 27.—All of the miners of the Kanawha Valley have resumed work. About 5,000 men are now employed. There is no trace of the recent bloody disturbances left here.

Mr. Cleveland Suffers Keenly.

WASHINGTON, March 27.—President Cleveland's health is again causing discussion. He is suffering from rheumatic gout. It is on that account rather than the pressure of public business that the public receptions at the white house three afternoons in the week have been discontinued. He is undergoing a severe dietary regime, and the doctors say that he will be all right in due time.

VILE BRECKENRIDGE DEPOSITIONS

Testimony Submitted That Newspapers Are Urged Not to Print.

WASHINGTON, March 27.—The Breckinridge side in the breach-of-promise case won a victory yesterday when Judge Bradley decided upon the admissibility of depositions impeaching the character of Madeline Pollard, which the Breckinridge forces had offered, and to which the plaintiff opposed numerous objections. Regarding the sweeping denial of the right to take any depositions under the act of congress creating the court, the judge said that the judiciary act of 1879 conferred the right in broad terms upon any party to any civil action in any court of the United States. It could not be disputed that this was a court of the United States, and the fact that the court had always maintained that right would justify him in continuing to enforce it until a higher court overruled the practice. There were other grounds upon which he sustained the regularity of the depositions as a whole.

Objection had been made to the deposition of one Brand, because he refused to answer certain questions concerning a woman who had introduced him to Miss Pollard, saying that he did not want to "give away" a married woman, and then persisted that he did not know her name. The judge said that it appeared that instead of refusing to answer, the man did not know or was lying. The direct examination of the witness had brought out nothing derogatory to the plaintiff. The judge overruled this objection, remarking that there was nothing reflecting upon Miss Pollard in the testimony, unless it was that she had consented to associate with such a disreputable character as the witness admitted himself to be.

The deposition of one Kaufman was also admitted, but the judge spoke very sharply of these last two, saying that they were utterly unfit to be read before the court; that he would gladly exclude them if he could, and expressed the hope that the counsel would see fit to omit the disgracefully obscene matter in them.

He sustained the objections which had been made to the depositions of John O'Toole, Dr. Green and Dr. Lewis that they were based on hearsay. Dr. Lewis is the physician who testified that Col. Swope, the republican candidate for congress in the Lexington district, had asked him to perform a criminal operation upon a Miss Pollard. The depositions of a Mrs. Miller and of Rosell, who had been engaged to Miss Pollard while she was in the Wesleyan institute, were admitted, the judge commenting that the plaintiff had placed her character and her maturity in a measure in question by that clause of the declaration which averred that she had been ruined by the defendant and that she was a mere girl when Col. Breckinridge first met her.

Each side filed objections to the rulings against it. Then Judge Bradley made a few remarks in the interest of public morality.

"The court has been deluged with anonymous letters in this case," he began. "It is said that any one who would write an anonymous letter should not expect to have any notice taken of it, and would do almost anything mean. Some of these letters, however, seem to come from females and to be dictated by good motives."

Many of these letters referred to the publication of details of the trial, and while the court could exercise no censorship over the press he suggested that the papers should omit the improper details, as he thought some of these details, if published, would subject the papers to exclusion from the mails as obscene matter. Moreover, it was almost a calamity to the city of Washington and the country at large that such matter should be carried broadcast into its homes.

These preliminaries having been finished, Attorney Stoll proceeded to read the deposition of Joseph C. Bailey, clerk of the Woodford County Circuit court at Versailles, Ky. From the records of the court the clerk had testified that in 1884 there were indictments for murder against Ollie and R. P. Brown and that Colony Breckinridge had been one of the defending attorneys. It appeared that the trial was in progress on Aug. 5, the day upon which Miss Pollard has testified that the colonel took her to the house of Sarah Guess, in Lexington; also on Aug. 12, 13 and 16. Other depositions tending to prove alibis for Col. Breckinridge were read.

The disposition of Sister Marie Hyacinthe, who was 74 years old and said that her memory was very bad, showed that she could not remember that Madeline Pollard had attended the Notre Dame convent at Reading, Ohio, of which the sister had been superior in 1883.

The deposition of William G. Wood, a carpenter of Lexington, was read. Wood was engaged to Miss Pollard in 1882, but when he told her he could not take her upon a trip to Europe, she broke the engagement and threw at him the ring he had given her. He did not know her age then, but considered her a young woman.

Reduced Rate Expected.

PITTSBURG, Pa., March 27.—At Youngstown to-day the wage conference committee of the amalgamated association will meet the Mahoning valley manufacturers and in all probability a new boiling rate will be agreed upon. It seems to be a settled fact that the present rate, which calls for \$4.75 a ton, will be lowered.

SANSAPARIL.

BELOIT SWINDLED BY AN IMPOSTER.

CHICAGOAN PRETENDS TO START A BIG STORE.

Rented a Building and Told People He Represented the Firm of Frank Brothers—Business Men Took His Checks Without Question—Now They are Sorry.

BELOIT, March 27.—Beloit people have been victimized by a man claiming to be a representative of Frank Brothers, of Chicago. He was not connected with that firm, neither had he anything to do with its business, nor is it in any way responsible for his actions.

The imposter gave his name as L. J. Frank, rented a big store, and announced that he was about to conduct a business here. Business men received him hospitably and extended the courtesy of cashing his checks, which will probably never be redeemed.

VICTORY FOR OPERATORS.

Union Pacific Telegraphers Secure Every Concession Demanded.

OMAHA, Neb., March 27.—Judge Caldwell will not have to hear arguments by the Union Pacific telegraphers in regard to wages, for the operators have compromised their case with the officials of the road. The exact terms of the schedule are still kept from the public, but the men claim that they have scored a big victory and have secured every concession which they demanded. The Union Pacific, Denver and Gulf case came up for hearing this morning before Judge Caldwell, and a surprise was sprung by the attorneys for Receiver Frank Trumbull, who withdrew the demurrer already filed, and in its place submitted an answer. It is alleged that the Union Pacific company is not bankrupt, but that it is in a flourishing condition and its earnings cover the interest on its bonded indebtedness, its operating expenses and the payment due by law to the United States government, besides a surplus.

'WILL SIT AT MILWAUKEE.

Jenkins' Investigation Committee Will Meet There Monday.

WASHINGTON, March 27.—The Boatner committee, charged with investigating the charges against Judge Jenkins, has decided to hold its investigation in Milwaukee. The committee, accompanied by Congressman McGann, will leave here on Saturday and begin the investigation on Monday. Three or four days will, it is thought, be sufficient for the hearings. Judge Jenkins will be invited to testify. There will be present Chiefs Clark of the Conductors' association, Arthur of the locomotive engineers, Sargent of the firemen's, Wilkinson of the Railway Trainmen's association and Ramsay of the railway telegraphers. They will probably give some testimony, as will J. R. W. Johnson of Tacoma, Wash.; Morris Vetter of Sprague, Wash.; and L. Porter of Livingston, Mont.

Ready for the Funeral.

TURN, March 27.—The preparations for the funeral ceremonies here over the remains of Louis Kossuth are almost completed. After a service at the evangelical church at 9 o'clock a. m. Wednesday the body will be escorted to the railroad depot, where it will remain until the municipal authorities the same evening deliver the remains to the representatives of the municipal authorities of Budapest. The body of Kossuth, accompanied by its escort of Hungarian officials will leave this city for Budapest on a special train at 8 o'clock p. m.

Withdraw from Ramsay's Defense.

CEDAR RAPIDS, Iowa, March 27.—At the opening of the April term of the District court yesterday Col. Charles W. Clarke of Cedar Rapids announced the withdrawal of himself and G. W. Barnham of Vinton as counsel for the defense in the case of the state of Iowa vs. D. G. Ramsay, grand chief, Order Railroad Telegraphers, for cutting telegraph wires of the Burlington, Cedar Rapids and Northern. As these men were supposed to be Ramsay's main strength in this case, which means so much to him and his order, their action has created comment among members of the local bar.

Father of the State.

DES MOINES, Iowa, March 27.—The 90th birthday of George W. Jones of Dubuque will be celebrated by the legislature April 4. The anniversary occurs April 12, but the legislature will not be in session that day. A committee of five consisting of Senators Brower and Perry on the part of the senate and Representatives Harman, Blanchard, and Robinson on the part of the house was appointed to receive Mr. Jones and arrange for the fitting observance of the occasion.

Sugar Trust Victory.

PHILADELPHIA, March 27.—Judge Butler in the United States Circuit court has declared that the sugar trust did not act contrary to the law when it absorbed the Philadelphia sugar refineries. Shortly after the consummation of the big sugar deal the government brought suit for the purpose of having the trust dissolved on the ground that the combination was contrary to law.

SECRET CIRCULAR AIDS BENNETT.

INJUSTICE WAS SO PALABLE
AS TO REACT.

Instead of \$16000 the Circuit Court During 1893, the Heaviest Year Ever Known, Cost Rock County Only \$7895.42—Foolish Talk About Farm Taxes.

The anonymous circular that is being secretly distributed through Rock county by the enemies of Judge Bennett will be a boomerang. Several glaring mistakes have been pointed out but there are plenty of others.

One of the most startling things of general interest is this: "Does it occur to the farmer that about one-eighth of his farm is confiscated for taxes?" This cunning statement is an insult to the intelligence of farmer of Rock county. They know that the state, county and town taxes are less than a half per cent annually on the value of their farms, instead of one-eighth of their value, or twelve and one-half per cent. This one statement is the key note of the whole circular as to fairness.

This secret circular further states. "It costs Rock county alone over \$16,000 a year to run our circuit court," meaning that sum is the cost for 1893. In this sum they have included the following:

Municipal court jurors.....	\$ 268.8
Municipal court witnesses.....	174.68
Municipal court reporter.....	361.65
Justices, constables and marshalls.....	2856.67
Witnesses in Justice's courts.....	656.92

Total.....\$504.04
Reducing the above \$16000 to \$10,595.96. In this \$10,595.96 is included the entire cost of the Whalen murder trial, refunded by Columbia to Rock county amounting to \$2700.54. Reducing the cost of the circuit court of Rock county for 1893, to \$7895.42.

This shows that here the figures are more than doubled. The records of the court show that nearly all of the important civil cases are tried by the court and not by a jury; also that since Judge Bennett has presided, juries have been waived in nearly one-half the civil cases for trial by jury, thus saving many thousands of dollars to the tax payers of Rock county.

This circular states further as follows:

"Total amount paid by county treasurer to clerk of court's office, A. W. Baadwin, clerk, in 1893.....\$1,642.00
"Total amount paid by county treasurer to clerk of court's office, E. D. McGowan, clerk, 1893.....3,549.30

To show how absolutely false this is we refer to the certificate of the county treasurer already printed.

Such a misstatement, accusing the clerk of having received in his office \$3,549.30, when there is not the slightest foundation for it, is shocking to the moral sense of everybody, and it even drew from the Janesville Daily Recorder of Sunday last, the following: "Error has crept into the circular," and "A mistake was made in using totals as single items thus exactly doubling results." Also, "No charge has been made that McGowan took any fees that did not belong to him."

The result however was more than doubled.

The following will show the exact cost to the county of the clerk's office for the year 1893:

Per diem of Clerk received in 1893, part being for 1892.....	\$ 636.00
Fees for 1893.....	615.21
Amount actually paid to deputies, not to McGowan.....	441.00

Total.....\$1692.21
Included in this amount is \$107.65 per diem and fees of clerk and deputies paid by Columbia to Rock county on account of the Whalen murder case.....167.65
Total cost of office to county for 1893 \$1854.56

The circular also states: "Paid to clerk of court as fees, E. D. McGowan, clerk Bennett, Judge, on cases brought to Rock county" (meaning from other counties), \$1774.65. This statement is absolutely false. Mr. McGowan only received on such cases during 1893 about \$156.

It is extremely unfair to compare the expense of the circuit court in 1881, 1882, the year of Judge Conger's sickness and death, with 1893, when the business of the court has increased nearly four times, as the following statement taken from the records, shows:

Civil actions, 1881.....	65
Special proceedings, 1881.....	11
Criminal cases, 1881.....	11

Total.....97
Civil actions, 1893.....238
Special proceedings, 1893.....92
Criminal cases, 1893.....25
Total.....355

In addition to the increase here shown, there were also two grand juries summoned in 1893 to investigate the several murders and other crimes committed in the county, while there was no grand jury in 1881 or 1882, making the increase of business equal to four times what it was in 1881.

Another mis-statement in the circular is the following: "Paid to attorneys supporting Bennett, for defending criminals, Bennett judge, in 1893, \$1,817.50." The records show the actual cost to Rock county, 1893, for attorneys appointed in criminal cases (circuit court) was \$717.50; whereas, in Judge Conger's time, the county paid A. Hyatt Smith, for defending Frank Dickerson, \$840.

Judge Bennett has never allowed any attorney for defending criminals any compensation to which such attorney did not show himself justly and legally entitled by his affidavit. The sum allowed B. F. Dunwiddie for assisting in the prosecution of Matthew B. Ashton, and about which so much talk has been made, will probably be found on investigation to be not one-

fifth of the sum charged by the attorneys defending him.

This circular insinuates further that Judge Bennett "may favor" railroad corporations. During the last twelve years there have been rendered before him not far from \$100,000 in verdicts against railroad companies. In the Heddies case, where a young boy had both legs cut off by a locomotive, a Rock county jury gave a verdict of \$30,000 against the railroad company. When the case came up for a new trial the railroad company by an affidavit of prejudice, removed the case to Walworth county, swearing that Judge Bennett was prejudiced against the railroad company.

It is unnecessary for people in this county to do anything but point to the record of Hon. John R. Bennett in the last twelve years as circuit judge. During that time he has had but one criminal case reversed in the three counties of Rock, Green and Jefferson. He has the almost unanimous endorsement of members of the bar in active practice in this circuit, and a larger number of voters by far than his opponent, Mr. Smith.

All of the figures herein stated, except those quoted from the secret circular, are taken from the county records, where they can be verified by any body at any time.

THE HORRORS OF NASAL CATARRH
History of the Growth of Polypus Tumors, Dr. McChesney Will Remove Them.

When catarrh of the head is left unchecked it frequently ends in the foundation of tumors in the nose and back part of the throat. These tumors are called polypi, because they, under the old plan of doctoring, resembled the mythological polypus, which having its head cut off immediately grew another head. These tumors accompany asthma, hay fever, but result originally from catarrh. They fill the nasal cavity so full that they often cause the sides of the nose to bulge out. When polypi affects the nose there is difficulty experienced in breathing through it. In some instances no air can be drawn through the nose at all. In other cases they extend out of the nose; in other cases they hang down back of the palate and cause tickling and a constant desire to clear the throat. The old-fashioned way of treating nasal catarrh is worse than the disease itself. The methods employed by some alleged specialists at the present time are more torturing than the awful horrors in the frightful list of tortures inflicted during the terrible Spanish Inquisition. The old-fogy plan of treating catarrh is giving way rapidly to the new way, which is mild and painless. Dr. H. A. McChesney, whose office is in the Sanitarium and Private Hospital, and who has the largest practice of any specialist in the state, says: "Patients frequently come to my office, and in speaking of treatment they have received at the hands of some physicians who employ old-fogy methods, say: 'Why, doctor, they burned my nose out'; 'the top of my head was nearly pulled off'; 'they ruined my sense of smell'; and many like expressions. Dr. McChesney cures catarrh; cures effectually and without suffering. He believes that such treatment that he has described, belongs to the age of barbarism and would better suit the practice of an African witch doctor than the work of an educated modern physician. The old fashioned catarrh specialist burnt and saved and tore the nose, stripping off the mucous membranes lining it. He cut out tonsils, chipped off palates, and looked wise, saying to his patients that all such things were nothing. It might be nothing to the doctor, but how about the patient? Dr. McChesney's treatment is more effective than the red hot irons and is pleasant and painless. If you want to be butchered and tortured while being treated for catarrh go to some old fogy doctor. If you want to be cured without suffering go to Dr. McChesney. If you believe that the only way to get cured is to undergo the tortures practiced by the inquisitions in the middle ages, then go to some one who believes in old fogy ideas. Doctor McChesney does not. He believes that persons should be cured by mild measures, by methods that are effective, but which could do no possible harm. According to the old fashioned plan patients were often left worse than before they were treated. It was pay and suffer, suffer and pay, lose time and get no better. One of the commonest results of neglected catarrh is the thickening of the membrane lining of the nose, which in some cases, entirely fills the nasal cavity so that no air can pass through the nose at all. If this thickening occurs on one side only it pushes the nose over to the other side, making an unsightly and crooked nose. If both sides are affected the nose becomes red or purple on exposure to the cold, is watery, finally swells up and bulges out. The old time way of treating this condition was to tear out this thickened membrane with pincers, burn it out with red hot irons, and later saw it out with a sharp narrow steel saw.

Imagine running a saw through the nose. This is not exaggeration. Dr. McChesney cures by using soothing remedies that restore the swollen and diseased membrane to its natural condition without causing suffering.

If you have the symptoms of any of the above Dr. H. A. McChesney should be consulted at once at the Sanitarium and Private Hospital.

Say Six Men Are Killed.

SEATTLE, Wash., March 26.—A Great Northern freight train was thrown over an embankment yesterday near Skokomish and was carried 150 feet by an immense snowslide. Six men, it is said, were killed and the train is entirely covered with earth and snow.

GOOD MEN BANDED AGAINST THE BAD.

JVANSVILLE HAS A LAW AND
ORDER LEAGUE.

It is Strictly Non Partisan and is Organized to Prevent Liquor Selling and Gambling—One Hundred Members and \$7500 in Cash are Its Strong Points.

EVANSVILLE, March 27.—The Law and Order league, recently organized here, now numbers about one hundred voters with a guarantee fund of about fifteen hundred dollars. Said league expects a membership of at least two hundred by April 1. The organization is strictly non-partisan, numbering among its members democrats, republicans and prohibitionists; it is not organized through any personal spite, nor with the desire to persecute any person or persons. Their sole aim is to assist in the strict enforcement of the laws against illicit liquor selling or gambling. J. R. Ellis, of Huntley, Ill., is a guest of C. J. Pearsall. A few deluded gardeners planted potatoes last week, and they are now arguing that freezing don't hurt potatoes, anyway. Frank Kendall rejoices over the advent of a son.

DEATH OF A JOHNSTOWN PIONEER.

Abiatha Johnson Passes Away in Lima Aged Seventy-Seven Years.

NORTH JOHNSTOWN, March 27.—Abiatha Johnson was born in West Bethany, Genesee county, New York, and died at his home in Lima, Sunday morning, March 18, aged nearly seventy-seven years. He was taken with a chill on Tuesday evening but was able to be up the most of the time. On Saturday evening he retired as usual, and at two o'clock his daughter gave him his medicine. When she went to his bedside again at four o'clock the messenger of death had preceded and he was gone without a struggle or groan, resting in the sleep of death, heart failure being the immediate cause of his demise. Mr. Johnson was married October 24, 1842, to Miss Louise Shumway at her home in North Byron, New York. In 1844 they removed to Wisconsin, on a farm in North Johnstown where he resided nearly fifty years, until January, 1894, when he sold the farm and moved to Lima, to be more free from the cares of life, but death came in an unexpected hour, and he went home to meet his companion who preceded him to the better land nine years ago last September. Since that time his daughter Carrie has remained at home and did all she could to make a home for him, but often he would say: "I am only waiting to go home to meet my loved ones and hope that I may go suddenly." His wish was granted and we must bow in humble submission to the will of Him who doeth all things well. In early life he became a christian and united with the Free Baptist church and for the last five years was one of its deacons. He was the father of seven. His companion one daughter and three sons passed on before him to the better land. He leaves to mourn two daughters, Carrie and Allie, who are at the home, one son Willard who resides at Milton Junction, three grand children and two brothers, besides many more distant relatives. The funeral services were held at the church Wednesday morning conducted by Rev. A. D. Sanborn who spoke words of consolation to the mourning friends from the words found in John xi, 24 and 25. He was assisted by the pastor Rev. I. S. Jones, and all that was mortal of our dear father was laid to rest in the North Johnstown cemetery by the side of his kindred dead to await the morn of the resurrection.

Miss Mary Hulst of Winneconne, Wis., visited her aunt Mrs. Stetson last Saturday and on Monday commenced her school in the Carey district. Mr. and Mrs. Earl Newton, of Sullivan, visited at W. H. Newton's last week and attended the funeral of their cousin Mr. A. Johnson. Rev. I. S. Jones supplied the pulpit in the U. B. church at Lima last Sunday at 3 p. m.

MANY AT MILTON ACADEMY.

Students Are Enrolled From Many States—Other News Notes.

MILTON, March 27.—One hundred and forty students were enrolled at the college during the winter term. Representatives were in attendance outside of this and adjoining towns, from Walworth, Albion, Christians and Berlin, this state; Trenton and New Auburn, Minn.; Smythe, Dell Rapids and Big Springs, S. Dak.; North Loup and Humboldt, Neb.; Newtonville, Kan.; Boulder Colorado; Weldon and Garwin, Iowa; Chicago, West Hallock, Farina and Stope Fort, Ill.; Southern California, Tennessee, Pennsylvania, New York and New Hampshire. Dr. L. G. Armstrong of Boscobel, was a visitor at Jas. G. Bond's Thursday. Jesse Green, of Albion, was in town last week. Republican caucus tomorrow at 2 o'clock in P. of H. hall, Milton Junction, followed by a Republican club meeting. W. P. Clarke sold one of his fancy white Wyandotte cockerels to Mr. Robert, the Fort Atkinson fancier, Friday. Al. Root of Whitewater, was here Friday and Saturday. Miss M. A. Flavelle spent Saturday and Sunday with Janesville friends. The summer weather caught cold last week, but notwithstanding it was good March weather. The public schools close Tuesday for a vacation of one week. Misses Doty and Williams spent the time at Burke, and Miss Crockett at Beloit. The spring term of the college begins today. The Congregational society declined to accept the resignation of Rev. Richard Miller,

therefore he will remain as pastor for another year. So far this week the demand for garden seeds has been light. Dr. R. H. Stetson of Lima, was in the village on business Monday.

SAINTS BARRED AT COOKSVILLE.

Rev. Pender Could Get no Audience—Spring Work Is Suspended.

COOKSVILLE, March 27.—Cooksville people had little time for Rev. Pender, the Latter Day Saints' lecturer. He did not succeed in getting the church and when he hired a hall he got no audience. Elmer Franklin of Janesville, is visiting friends and relatives.

J. H. Berkeley gave a fine lecture here and will give another this fall. School closed last Friday and will resume again after a two weeks' vacation. Miss Aris Savage was the only teacher from this place that attended teachers examination this spring. J. A. Savage has finished moving on to the Miller farm and his house is rented. Farmers who plowed last week will take a rest this week and cut wood. Two boxes of books belonging to Rev. Mrs. Williams, were burned in the VanVleck building. The whist club met with Mrs. Lill Porter at her father's last Wednesday evening and Paul Savage and G. C. Newman won prizes. Miss Bell Rice is in Janesville with her friend, Mrs. Anna Soverhill. Mrs. Mayo has lumber on the ground for a new front porch and steps.

Mr. and Mrs. Charles Miller's little daughter Dora, has been very ill with a fever, but is better under the care of Dr. Cology. Mr. Rice is very feeble, and will not be able to work much this summer. Ole Clifton is moving back into his own house, and John Johnson is moving two miles north of Cooksville. A new blacksmith occupies Chris Hanson's shop, and will move into the Collins house with his family. He comes from Chicago.

SHOPIERE PASTOR GIVEN \$38.40.

The Donation Party At The Congregational Church Proved Successful.

SHOPIERE, March 27.—The donation at the Congregational church on Friday eve March 23 for the benefit of their pastor, Rev. Mr. Moses, was a success financially as \$38.40 was the net proceeds. Addis Weirick has bought the place known as the Mrs. Dockstader home, and will move in this week. Mr. Manley will occupy the house vacated by Mr. Weirick he having bought that place some time ago. He has been making many improvements since. Mrs. Merritt Bostwick is visiting her daughter in Chicago. Mr. Uehling returned from Madison Friday, where he has been for a number of days in the interests of this factory. The warm weather in the past two weeks brought out the fisherman with his fishing tackle but we have not seen very many valuable fish caught yet. Henry Hammond moved last week from Main street up on quality hill. George Culver will occupy the house that he left. Easter concerts were held at the M. E. and the Congregational churches on Sunday evening last. Decorations were fine. Frank Christman moved to Afton last week. George Chamberlain, our Turtleville miller, expects to move to Rockton, Ill., this week.

AFTON M. W. A. IS PROSPERING.

New Members on the Waiting List—Rev. H. A. Palmer Leaves His Church.

AFTON, March 27.—Afton Camp No. 2192, M. W. A., held their initial meeting at Lawton hall last Friday evening. The names of two new applicants for admission were presented. Rev. H. A. Palmer closed his labors with the Baptist church last Sunday, having supplied them for one year. The Ladies sewing circle meets with Mrs. J. B. Humphrey Wednesday. The third Demorest medal contest will be held at the Baptist church Wednesday evening, March 28. The republicans of Rock township will name their candidates for the various local offices next Friday.

afternoon at 2 o'clock, while the democrats nominate Saturday. Farming in this section is brought to an abrupt termination by the sudden reappearance of Jack Frost. Misses Jessie Spoon and Alta Palmer, of Janesville, spent Sunday with Afton friends. Harry S. Bixby is spending a few days with Roscoe and Rockford friends. Mr. and Mrs. G. B. Charles and Miss Lois A. Waite went up to celebrate Easter with Lima friends.

Twenty-Five Dollars Reward.

Some malicious person put a steel key into the fire alarm box 515, breaking the key in the lock, rendering the box useless for a time. A reward of \$25 is hereby offered for the arrest and conviction of the person who thus tampered with the fire alarm service.

THE TURF.

Mascot, 2:04, weighs 1,000 lbs., and has been jogged barefooted at the Buffalo covered track for the last three months.

No other business so largely speculative has held its own as well as the trotting horse industry during these hard times.

The Pacific Coast Trotting Horse Breeders' Association has received 715 entries for its 1894 meeting, an average of 23 to a class.

The inhuman and careless manner that railroads are allowed to handle and knock about valuable horses in shipping is at times nothing short of criminal.

Says a successful Vermont handler of horses: "I only call a team matched that will road from ten to fifteen miles an hour and not pull a pound or break a trot."

OUR PIANO OFFER HAS BEEN CHANGED.

GAZETTE OFFER HAS MADE A

FLASHING METAL IN FAVOR.

The Girl of the Period May Soon Be Partly Armor Clad.

With the great variety of soft silks, crapes and nets now in the market, there is no lack of material for the construction of dainty vests, yokes, plastrons, collars, capes and similar devices for the brightening up of street toilets to suit evening occasions where full dress is not necessary. A great deal of guipure is used, also beaded tulle and net embroidered in jet or small colored cabochons or plentifully spangled. Indeed flashing metallic effects are greatly in favor, and as the spangles are very light there is no objection of weight to be urged against their employment. Of course these bril-

liant accessories appear to best advantage when they are seen over a dark gown, and if a small hat or bonnet to match is worn the effect is doubly satisfactory.

A pretty and very simple plastron arrangement is made with the metal passementerie pieces that come in pairs shaped like a corselet and fitted to the front of the figure. Satin ribbon 8 inches wide is tied in a huge bow reaching from shoulder to shoulder, the ends being brought down over the bust and gathered in beneath the top of the corselet pieces. The corselet is attached to the bodice by means of jeweled stickpins.

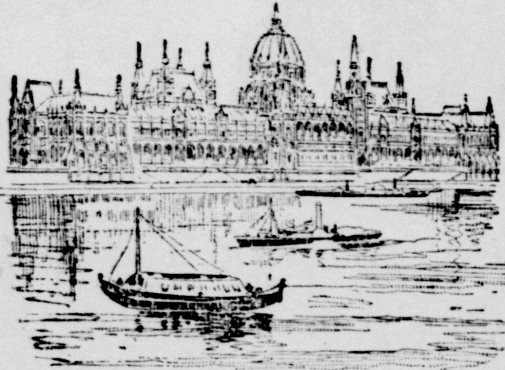

All colors are used for these accessories, black and gold being particularly effective. A graceful garniture is made by arranging the embroidered material in the form of a yoke and bordering it all around with a flounce of spangled guipure, which conceals the upper part of the sleeve and falls over the bust almost to the waist. The neck is finished with a high collar fastened by a jeweled buckle.

A charming sort of basquine in which metal effects and lace were shown was worn at a recent fashionable wedding in Paris. It was made of bronze faille and was embroidered with bronze and gold beads. Wide Russian guipure was arranged to fall like a cape over the arm, while the upper edge formed a ruching across the top of the shoulder. A breadth of the lace was also gathered in at the neck in front, falling in plain folds some distance below the waist. There was a high flaring collar. With this garment was worn a tiny bonnet of bronze beads trimmed with pink roses.

allelogram about 1,400 feet long by 600 in width. The magnates or house of lords, with its galleries, will seat 536 persons, while the house proper and galleries will accommodate 720 comfortably. Both houses will have a double tier of galleries, one above the other. Both chambers will be furnished substantially, but not gorgeously. There will be in all 2,000 windows, some of which are 7 yards high by 24 yards wide, 700 doors and 21 portals. Electricity and gas will light the building as well as the courts. It is intended to complete and dedicate the palace in 1895, when the one thousandth anniversary of Hungarian independence will be celebrated.

A Talented Literary Woman.

Miss Jeannette Gilder, sister of Richard Watson Gilder and one of the editors and owners of The Critic, is a large, masculine looking woman, but beneath this exterior is a very womanly personality.

She is one of New York's best known "bachelor women" and has had a long and brilliant journalistic career. Miss Gilder was born in Philadelphia 35 or 40 years ago and published her first story in the New York Dispatch when she was only 14. She has since written dramatic criticisms, reviewed books, written plays, reported news matters for New York papers and furnished literary gossip to newspapers all over the United States.

The Thushness of It.

We have a new house, a good one, that we want to sell cheap, and take as part payment \$1000 of tobacco, of the crops of 1892 and 1893. Here is your chance.

We have a nice genteel business in the heart of the city; no such chance ever before offered, for a good man and wife to earn easily a good living. We will exchange it for a good house and lot, and pay the difference in cash.

We have excellent homes at \$500, \$450, \$1,000, \$1,200, \$1,500; (this one has over 2½ acres of land right in the city, with good house, barn, well, cistern, fruit, &c.); \$1,750 \$2,000 and so along up to \$10,000.

We have seventy acres good land, but cheap, to exchange as part payment on a good home. Land free and clear and will pay some cash difference on home that suits.

We have some money to loan in sums to suit. We want one first class loan of \$1,000 and an other of \$1,500. Five years a percent.

ELECTION NOTICE.

OFFICE OF COUNTY CLERK,
JANESVILLE, MARCH 24, 1894.

To the Electors of the County of Rock:—

Notice is hereby given that a judicial election is to be held in the several towns, wards and election precincts in the county of Rock on the third day of April, 1894, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, are given opposite the name of the office and under the appropriate party designation each in its appropriate place below.

INFORMATION FOR VOTERS.

The following instructions are given for the information and guidance of voters:

A voter upon entering the polling place, and giving his name and residence will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other can be used. Upon receiving his ballot, voter must retire, alone, to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot but he must not advise or indicate in any manner whom to vote for. The voter will make a (X) cross in the square at the right and opposite the name of the candidate he wishes to vote for. If he wishes to vote for a person for a certain office, whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office and make a (X) cross in the square at the right on it. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen but so that the printed endorsement and signatures of the ballot clerks on outside may be seen. Then the voter should pass out of the booth, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read or that by reason of physical disability he is unable to mark his ballot can have the assistance of one or two election officers in marking same to be chosen by the voter. The presiding officer may administer an oath, in his discretion as to such person's disability. The party designations and candidates for the different offices are as follows:

CAMPAIGN FALSEHOOD.

The persons who are supporting Mr. Smith in the judicial campaign are making grave mistakes. They are pursuing a course of mendacious misrepresentation about Judge Bennett which is very rare in our local politics. New instances come to light daily. Some of these men have traveled through the counties of the circuit endeavoring to poison the minds of the voters by any representation that would be likely to injure Judge Bennett. Their stories have varied with the locality and the persons. In Rock and Green county Mr. Smith has been represented as a strictly non-partisan candidate, and in Jefferson county as a democrat dyed in the wool. In one community they have assured the people that Catholics are all opposed to Judge Bennett, and in another that Catholics are making a strong effort to re-elect him. In the other counties of the circuit they have constantly represented that Judge Bennett endeavored to take cases away from those counties and have them tried in Janesville, in order that the clerk of the court here might get the fees.

And now, within the last few days comes the spreading of that secret circular containing the grossest falsehoods and misrepresentations about Judge Bennett and about the cost of administering justice in this county. That circular is one which no responsible man would dare to sign; therefore it is sent out secretly and anonymously in the hope of catching votes. The proof as to its falsity has been given in the certificate of the county treasurer as to the amount paid to the clerk of the court here by the county, and in figures from the county records published in these columns.

Every one knows that a man who comes into court seeking justice must come with clean hands. Much more is it required that a man who seeks to be placed above his fellow men to administer justice upon them, should have no dishonorable means used to attain that end. The people feel this, and it is already apparent how general the feeling of disgust is, even among Mr. Smith's immediate friends, at the use of such methods in the effort to displace a man who has performed his duties so faithfully and so well, and who has held the confidence of the people for many years.

DO THEY WANT A DAMAGE SUIT?

The Recorder has considerable assurance when it holds a republican street commissioner responsible for the condition of the streets. Especially so in the face of an order presented by a democratic alderman, and adopted by unanimous vote of the council, forbidding the street commissioner doing any work on the streets except by order of the council. Locust and Linn streets may be in bad condition—a dangerous condition—and demand repairs—but, what are the democratic aldermen down there doing? Can it be that they are holding off in anticipation of a damage suit to lay at the feet of a republican street commissioner?

Only one week more is left for work in the local municipal campaign. So far the outlook has been greatly in favor of the republican nominees, and the indications are now that substantially the whole ticket will be elected the 3d of April. Let the good work go on.

WHY CAN'T I BE WELL.

Must I Always be Weak and Sickly?

These are Serious Questions For Many Suffering Persons—Here is a Definite and Positive Answer From the Best Authority.

You are not in perfect health. There is a weakness, a pain, or a tired feeling, your blood is bad, your nerves are weak, or some organ in the body is out of order and you need building up. Don't neglect such a condition, for delay is dangerous.

You can get well and have perfect health just as well as not. The following letter will tell how. It was written by Mr. Dorman Bridgeman, one of the most prominent business men at Hardwick, Vt.: "Some time ago I contracted a severe case of nervous debility and throat disease. I was in such a nervous state that I could not write my own name and could not feed myself without dropping my food, my hands trembled so.

"My nervous system was completely prostrated. My throat was also seriously affected so that it discharged blood. It became a question whether I was to live or die. I was in such a state that I was obliged to give up my business.

DORMAN BRIDGEMAN, ESQ.

"I had spells of spasmodic coughing and doctors said I had catarrhal bronchitis. I could not sleep well, as my business was always before me. I would choke up and wheeze badly. I employed many doctors, but they did me no good. I heard of Dr. Greene's Nervura blood and nerve remedy, and knowing it to be highly recommended decided to use it. I immediately began to improve under its use and am now well. I advise everyone to use it."

Dr. Greene's Nervura blood and nerve remedy is the surest and quickest cure for disease known, and it is just the medicine you want. It is especially beneficial in the spring when medicine always acts most quickly. Everybody needs a spring medicine whether sick or well, and there is none which has the curative powers of Dr. Greene's Nervura blood and nerve remedy. It positively and completely cures nervous and chronic diseases.

It is purely vegetable and harmless, and is the discovery of Dr. Greene, of 35 West 14th street, New York City, the most successful specialist in curing nervous and chronic diseases. He can be consulted free, personally or by letter.

Mine Workers' Convention.

SCOTSDALE, Pa., March 27.—Eighteen representative miners attended the second convention of the United Mine Workers here yesterday. A scale was adopted, which is a slight advance on the Frick scale, and the committee was instructed to ask the operators for another meeting. If this is refused a mass-meeting will be held April 1, when a general strike will be ordered.

Crossing the Atlantic

Usually involves sea sickness. When the waves play pitch and toss with you, strong indeed must be the stomach that can stand it without revolting. Tourists, commercial travelers, yachtsmen, many others, all testify that Hostetter's Stomach Bitters is the best remedy for the nausea experienced in rough weather on the water. Nervous and weakly travelers by land often suffer from something akin to this, and find in the Bitters its surest remedy. No disorder of the stomach, liver or bowels is so obstinate that it may not be cured by the prompt and thorough remedy. Equally efficacious it is for chills and fever, kidney and rheumatic trouble and nervousness. Emigrants to the frontier should provide themselves with this fine medicinal safeguard against the effects of vicissitudes of climate, hardship, exposure and fatigue.

Butts Can Not Get Another Trial.

GALESBURG, Ill., March 27.—Judge Smith denied James Butts, who abducted Eliza Cherrington, 17 years old, a new trial. It was asked on the ground that the verdict of guilty was contrary to the evidence and the instructions. Sentence of ten years in the penitentiary will be passed on Butts.

Record-Breaker for the Season.

WASHINGTON, March 27.—The special bulletin issued by the weather bureau shows the extent of the cold wave. Throughout northern Minnesota and the Dakotas the temperature was below zero. In Georgia, Tennessee, Louisiana, Texas, Arkansas and southern Missouri the weather is the coldest of which the service has record for this season of the year. General frosts occurred Monday morning throughout the Gulf states and the middle and northern portions of the South Atlantic states and the temperature will probably fall in the Middle and South Atlantic states, with frosts as far south as Northern Florida.

South Suffers from Cold.

MEMPHIS, Tenn., March 27.—Reports received from many points throughout the south are to the effect that a severe frost visited those sections forming ice half an inch thick, destroying early vegetables, strawberries, the fruit crop, and in some places early corn and oats and peas. The cold weather continues.

DENISON, Texas, March 26.—A killing frost visited this section last night. The fruit crop is believed to be entirely ruined. Crops and gardens are severely injured. Ice formed to the thickness of half an inch.

G. A. R. NOTICE

We take this opportunity of informing our subscribers that the new Commissioner of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime.

We would advise, however, that U. S. soldiers, sailors, and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore it is of great importance that applications be filed in the department at the earliest possible date.

If U. S. soldiers, or their widows, children, or parents desire information in regard to pension matters, they should write to the Press Claims Company at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address:

ELECTRIC LIGHTS FOR CITY STREETS.

CAPTAIN PLINY NORCROSS' PROPOSITION ACCEPTED

Seventy Five Lamps to Be Kept Lighted Until 3 O'clock in the Morning For \$71 Apiece—Delay Over Will E. Evenson's Appointment as Assistant Engineer.

By a vote of five—Aldermen Arnold, Baines, Kueck, Rich and Smith, to two—Alderman Kothman and McLean the common council adopted the report of the gas committee recommending the contracting with Captain Pliny Norcross for seventy-five arc lights for the term of three years. The report was based on a proposition made by Captain Norcross, the price per light being \$71.00 for lighting until 3 o'clock in the morning. While the report was adopted, no one was authorized to make a contract, necessitating further action of the council. The vote being five to two, three members being absent, there is no sure thing yet.

The bill of H. F. Bli s for 750 loads of gravel at ten cents a load, \$75, used for city purposes in 1892, the bill of Frank H. Baack, \$371.50 for clothing, that of Becker & Woodruff, \$61.86 for shoes, furnished in the jail, also the bill of Sheriff Bear, \$153.29 for board of prisoners quarantined and a bill of \$34.62 for clothing for Alvira Cox and other prisoners were referred to the finance committee. The finance committee reported against allowing bill for printing the report of the chief of fire department, and asked for more time to consider the bill of Dr. Whiting, \$265, for attendance on the Behling family.

Clerk Bates reported the balance in the several ward fund to date as follows: First ward, \$357.72; Second ward, \$511.30; Third ward, \$549.95; Fourth ward, \$318.65; Fifth ward, \$404.50.

W. E. Evenson's Appointment Delayed. The fire and water committee asked for more time to consider the appointment of Captain W. E. Evenson as second assistant engineer of the fire department, which was granted. The committee was also granted more time to consider the bill of the water company for repairing fire hydrants.

On recommendation of the highway and bridge committee, the bill of L. Paul for gravel used in grading South Main street extension was disallowed, and the special committee on a new past house was given more time. Orders were adopted: By Alderman Kueck—For a block cross-walk corner of William street and Fourth avenue. By Alderman Rich—Directing the clerk to advertise for proposals to paint Monterey bridge; directing the mayor and clerk to sign the special tax warrant for grading South Main street, and place the same in the hands of the treasurer for collection. By Alderman McLean—Directing the payment of \$61.58 to D. Williams as compensation for clothing destroyed while quarantined in the county jail. By Alderman Baines—Giving J. H. Burns permission to use a portion of Wall street pending the repairing and rebuilding of his carriage shop.

The appointment by the mayor of P. McGinley and Ed Smith as special police until June 24, was confirmed.

DR. GEORGE FIFIELD WINS HONORS.

Janesville Man Now an Assistant C. & N. W. Surgeon at Chicago.

George W. Fifield, of this city, a former student in Dr. F. Pembler's office, is now an undergraduate in the Medical Department of the Northwestern University, Chicago, and has been appointed an assistant in the surgeon's office of the Chicago & Northwestern Railway. The position is an important one, and one of responsibility. Mr. Fifield's Janesville friends will congratulate him on this new position attained on personal merit. He is a brother of Attorney C. L. Fifield.

RHEA HERE NEXT SATURDAY

Much Interest in Her Presentation of "Josephine Empress of the French."

A distinguished star in a favorite play is always a strong attraction, and Rhea is sure to draw a large audience on the occasion of her reappearance at the Myers Saturday night as "Josephine, Empress of the French." Few characters have a stronger historical interest than "Josephine," and no modern actress could so well portray the combination of imperial grandeur with womanly devotion and patriotic zeal.

CITY HAS MONEY ON HAND NOW

ADD A FEMALE WARD TO THE HOSPITAL.

PLANS TO MAKE THE INSTITUTE MORE COMPLETE.

Dr. Palmer Makes a Proposition to Build the Addition Himself and Let the Management Furnish and Maintain it—Referred to a Committee for Investigation.

That Oak Lawn Hospital will soon be made more complete by the addition of a "woman's ward" is now a strong probability.

Dr. Henry Palmer makes the proposition.

Not only that, but he will build the addition himself.

It will be 38 x 50 feet; two stories high and will be fitted up especially for the treatment of surgical cases of women. Dr. Palmer's proposition as verbally made to the hospital board at their meeting last night, was that he would erect the addition at his own expense, it to stand in his name until the hospital management saw fit to purchase it if they should ultimately decide to do so. The furnishing is to be done by the hospital and the ward will be strictly under their management. The addition would consist of from eighteen to twenty rooms. Dr. Palmer has already had two hundred cases of the nature that the building would provide for, and could have had more if the hospital had been better suited to that purpose. With this end in view his proposition is made. After discussing it for some time the matter was referred to a committee consisting of President Valentine, W. T. Vankirk and Mrs. George L. Carrington, and Dr. Palmer was requested to put the proposition in writing. Action will probably be taken at a meeting to be held soon.

ATHLETIC.

The annual race for the national cross country championship of England came off on March 3, at Blackpool. Eight clubs were represented by teams, the field numbering eighty-three runners. The start and finish of the race took place at the Blackpool Athletic club grounds, where nearly 2,000 spectators were gathered. The weather was fine and the course generally good. The event was won by the Salford Harriers, whose score was 60 points.

The annual football match between the picked teams of England and Ireland came off at Belfast recently, the result being a tie on two goals, the game thus resulting in a draw. Of the thirteen matches that have been annually contested, twelve stand to the credit of the English players.

KILLED BY THE KICK OF A HORSE

Daniel Hoover's Skull Crushed by One of Anderson's Horses.

The sharp creak of a horse's shoe crushed out Daniel Hoover's life at Oxfordville yesterday. Hoover was in the employ of Dr. H. B. Anderson and while grooming one of the doctor's animals he received injuries from a kick that caused his death, the front part of the head being broken in. The dead man, it will be remembered, was a co-defendant with Dr. Anderson in the action started by Simon Strauss for assault with intent to kill, but he was discharged upon the preliminary examination. His home was in Hanover and the funeral will be held tomorrow.

ALL CITY FUNDS IN GOOD SHAPE.

Ward Money Never So Economically Handled As In The Last Year.

Under Republican rule, or even with a common council a political tie with a Republican mayor good balances are shown in all the city funds except the general fund. All bills have been promptly paid. Had a Democratic legislature, after robbing the general fund of ten thousand dollars revenue, made provision for replacing that amount, all the funds would be in as good condition as the school fund, the fire and water and the several wards. The condition as now shown is evidence that the city government is safest in Republican hands, and the people will so proclaim next Tuesday.

Where Does God Get Color.

As I look up at the deep blue sky And the white, fleecy clouds so fine, At the warm and glorious red sun, That God makes on his children to shine. As I look at the emerald green grass, And gaze at the yellow moon, I wonder where God gets the color, As he brings them out from gloom.

As I looked at the purple pansy, And examine each leaf with care Like brush marks, from an artist They are painted, so rich and rare. As I look at the deep red rose, The pink, and white and yellow, I wonder where the color comes from, So clear, so bright, so mellow.

As I look at the water so blue, As I look at the rainbow above, I am lost in admiration and praise Is there anything grander that God's work and love.

As I look in eyes of black and gray, And others of brown and blue, I think it is more than wonderful, Where God gets the color, don't you.

FOUR HOUSES LOOTED BY BURGLARS LAST NIGHT.

Will Dillon and George Wood Sent to Jail For Stealing Plumbers Tools—George Beneke, the Alleged Chicken Thief is to Be Tried Again on April 9.

The farm house on the Dunwiddie farm, occupied by Mr. Burdick, was entered by a tramp yesterday afternoon during the absence of the family and robbed of a suit of clothes, a revolver and a silver watch. The robber gained an entrance through a cellar window and cut a panel from the cellar door leading into the kitchen. Parties passing saw a strange man leaving the farm and it is supposed he made his escape by taking the cars at Afton. Chief of Police Acheson and Patrolman Hogan went down to the farm last evening, but failed to gain definite information concerning the robber.

YOUNG THIEVES SENT TO JAIL.

George Wood and Will Dillon Will Serve Thirty Days Each.

George Wood and Will Dillon were locked in the Rock county jail this morning and are to remain imprisoned for thirty days. Wood and Dillon were confronted in the municipal court this morning by the district attorney who filed an information charging them first, with burglary, and second, with larceny. Both pleaded guilty to the second charge and Judge Phelps gave each thirty days. They stole a lot of plumbers' tools from the Lappin block and disposed of them at a second hand store.

GEORGE BENEKE'S CASE CONTINUED

He Will Have the Second Trial For Larceny April 9.

The case of the state against George W. Beneke, who is charged with stealing chickens from J. A. Decker, was continued until April 9 when he came before Judge Phelps in the municipal court this morning. Beneke was tried once and the jury disagreed. It is said that he will prove an alibi.

She Had Seen Him, Too.

Donald (after the ball)—May I call on you occasionally, Miss Lester? We seem as old friends. Have I not seen you before?
Miss Lester (cuttingly)—Yes; you saw me hanging on to the strap in the car one day last week while you were sitting down.—Vogue.

According to His Lights.

"How do you like that colored valet you imported from Alabama?"
"He won't do."
"What's the matter?"
"I told him last night to get out what I needed for the ball and he brought me my razor."—Life.

Hard to Find.

Little Daughter—I missed my geography lesson again. Teacher asked me where the United States is.
Mother—Couldn't you answer that?
Little Daughter—No'm. It was on the map, but in such big letters I couldn't see zem.—Good News.

To Be Taken Literally.

relieved instantly by one application of

Birney's Catarrh Powder

REV. FATHER CLARKE, Sec'y to the Rt. Rev. Bishop of Columbus, Ohio, writes:
"Catarrh—Being almost entirely deaf for a number of years past and getting no relief from many so-called cures which I tried, was induced by a friend to try Dr. Birney's Catarrh Powder for my deafness. Have recovered my hearing entirely, so that I can now hear a watch tick plainly, it being held 15 inches from my ear. I look upon it as a positive cure for deafness and have recommended its use to many of my friends and can say I have never heard of a case where it has failed to relieve."

HOW FASHIONED FRIGHTS.

Vagaries of Hairdressing Often Seriously Handicap a Pretty Woman.

A woman who does not dress her hair on the top of her head should never wear a crownless bonnet. The only excuse for the existence of such a paradoxical sort of head covering is the display through the open crown of a pretty arrangement of the hair, filling up the empty space. Even in that case they are not suitable for anything except rather festive wear. They are quite a clever invention, however, since the hair is a more beautiful adornment for the head than anything that can be manufactured, and hats and bonnets serve usually only to conceal it.

AN EVENING COIFFURE.

Nothing external so much affects a woman's appearance as the arrangement of her tresses. If she is wise enough not to be carried away by mere novelty, she will find out what style of coiffure best suits her face and then keep to it permanently without regard to the vagaries of fashion. It is astonishing what a fright a woman will sometimes make of herself for the sake of being in the mode. If heavy fringes are in vogue, the woman with the low Greek forehead cuts off her front hair on a level with her eyebrows, thereby concealing her chief beauty. If pompadour fashions rule, foreheads that would put the portraits of Shakespeares to the blush are unblushingly exposed, without a curl to soften their boldness. In fashion, as in love and war, discretion is the better part of valor.

The favorite hair ornaments at present are small swords with plain, jeweled or enameled hilts. They are 6 or 7 inches long and are used also as hatpins by persons who do not object to the havoc made by the blade. They may be obtained in both silver and gold. Bands and bows of velvet and ribbon are also worn, although prettily dressed hair really requires no decoration other than itself. An illustration is given of a graceful coiffure intended to accompany a full dress toilet. The front hair is curled, while the back hair is waved and rolled over in a twist at the back of the head. It is then secured on the crown in two loose puffs surmounted by an erect loop, and the ends are allowed to escape in short curls. The ornaments are pearls, which are twisted in with the puff arrangement.

JUDIC CHOLLET.

SLEEVES STILL SWELLING.

They Are Steadily Becoming More Ample. Fashions of the First Empire.

The taste for all that recalls the time of the first empire has had a marked effect upon interior decoration. The rigid forms of furniture that characterized that epoch have been revived and are seen in white and gold or in mahogany upholstered in the green, red or yellow damask then popular.

RECEPTION GOWN.

lar. But the revival has stopped at the verge of the dominion of dress, and there seems to be no prospect of the adoption of the empire gown in its genuine short waisted form. The prevailing influence is shown only in subordinate ways that do not materially affect the stiff corsaged mode to which we are accustomed. Not only is the empire fashion a trying one for many women, but the eye has become so used to the long bodice contracting below the bust that it refuses to recognize the beauty of the high girder.

For instance, in the novel ball costume illustrated, an empire flavor, as it were, is given by the full drapery across the bosom and the cut of the top of the sleeve, which allows it to fall below the point of the shoulder, but the tight modern waist is retained, which at once robs the gown of any historically distinctive character and leaves the field open to the free play of fancy in regard to the other features. The skirt is bell shaped and is made of satin soleil. It is cut in deep slashes, which open to display a flounce of mechlin lace over cream satin. Chains of pearls are festooned around the skirt, fastened at the top of each slash by an amethyst cabochon surrounded by brilliant. The top of the skirt is caught up in front by a cabochon and forms a panther-like puffs over the hips where it meets the bodice. The lower part of the bodice is of lace, while the balloon sleeves and the drapery across the bust are of liberty velvet. The corsage, like the skirt, is ornamented with a gariture of strings of pearls, secured at the bosom and on the top of the sleeves by cabochons.

Sleeves are seen on all the decolete corsets and show no indications of diminishing. If there is any change, they are becoming more ample. The shoulders are usually finished with butterfly knots of ribbon, or wide berthas trimmed with lace are gathered full at the top of the sleeve and allowed to fall over it. Bretelles and rosettes are also used on evening toilets. Brilliant effects are sought after just now; hence the popularity of satin and moire and the adoption of galleon of various sorts as a garniture.

JUDIC CHOLLET.

A FORTUNATE RECOVERY.

A Jeweler Who Gets Back Diamonds From a Dirt-Dump.

"While in Louisville a few days ago," said a traveler for a jewelry house, "I found one of my customers in a great stew over the loss of a couple of valuable diamonds, which, however, he recovered the next day under peculiar circumstances. The stones had been laid on his desk in an envelope with the end torn off. A commercial traveler had come in and laid his samples on the desk. When he had gone and the porter had cleared up the office the diamonds were missed. They must have been knocked on the floor. The traveling man was above suspicion. The porter was called. He had swept the office and emptied the contents into the dirt bin. "A rush was made for the bin. The street cleaning wagon had taken away the dirt. Then there was a rush to the dump. It was growing dark. The spot about where the last eight or ten loads were dumped was marked and a watchman put to guard the place. Next day twenty loads of this dirt were carted back to the alley in the rear of the merchant's home and ten men with sieves put to work to search the refuse. The merchant stood anxiously by. Load after load was examined without result and there was actually but one sieve full left to search when in it the envelope, dirty and bedraggled, was found, and in it the precious sparklers. The men were liberally rewarded and the merchant opened a large bottle."

A THOUGHTFUL FRIEND.

The Rocking Chair Was a Friendly Gift, But It Came Rather High.

"I think a great deal of this rocking-chair," said Rivers. "It's made from wood that grew on a farm in Virginia once owned by George Washington."

"I don't see anything extraordinary about it," said Banks, "except that it's big and ugly. How much did it cost you?"

"Nothing. That's the beauty of it. A friend of mine in the East sent it to me. There's nothing like having good friends."

"No, I suppose not. How did he send it?"

"By express. Quite a relic, isn't it? Wood grew on one of George Washington's farms."

"You paid the express did you?"

"Of course. Wood grew on a farm that once belonged to George Washington."

"How much was the—"

"Farm that once belonged to George Washington in Virginia. It isn't every day you can—"

"How much express did—"

"It isn't every day you see a rocking chair made out of wood grown on a farm that once belonged to George Washington."

"What express charges did you have to pay?"

"Eight dollars and seventy-five cents," said Rivers, with visible reluctance.
